PALLIUM

Company Overview

Company Name: Pallium Global Exports

Merchandise Location: Champaign, Illinois, USA & Chennai-Tirupur, Tamil Nadu, India

Mission Statement:

To source/procure high-quality, fashionable garments that exceed customer expectations, while maintaining ethical manufacturing practices & promoting environmental sustainability. We are committed to continuous improvement, fostering collaborative growth & success for our clients.

Vision Statement:

To be the global leader in garment merchandising & consulting industry by driving innovation, sustainability, and quality in every single piece.

PALLIUM

Our Story

Founding Inspiration:

PALLIUM GLOBAL was founded by Praveen, Senior Data Scientist, AI at a **Fortune 500** firm in USA. Driven by entrepreneur spirit during his time of Masters degree from the prestigious **University of Illinois**, Praveen interacted with local garment businesses and identified their pain points. With a vision of helping the businesses grow by sourcing **high-quality** clothing at unbeatable prices & timelines, he created **PALLIUM GLOBAL**, a leading garment procurement consulting firm bringing together the expertise and partnerships of various garment manufacturing & logistics industries in India & abroad.

Growth Journey:

Started in early 2024 from Champaign city of Illinois, USA, **PALLIUM GLOBAL** has been growing into a global enterprise, partnering with a diverse portfolio of manufacturing & logistics clients, including some of the world's leading fashion brands. Our journey has been marked by continuous innovation, strategic partnerships with investments in technology, and a steadfast commitment to quality and sustainability.

Core Values

Innovation: Continuously pushing the boundaries of garment manufacturing technology and processes.

Sustainability: Committed to eco-friendly practices and reducing our environmental footprint.

Quality: Delivering superior products that meet the highest standards of craftsmanship.

Integrity: Upholding ethical practices & ensuring fair treatment of all employees.

Customer Focus: Prioritizing the needs and expectations of our clients to build long-term partnerships.

How we work

1

Consultation

We begin by understanding your requirements, including design, quantity, and quality standards.

2

Manufacturer Selection

We match your needs with the best manufacturers in our network, ensuring a perfect fit.

3

Pricing & Negotiation

We handle all negotiations to secure competitive pricing for your orders.

4

Sampling & Approval

We arrange product samples to ensure quality matches your expectations before full-scale production begins.

5

Quality Control

Our team conducts thorough inspections at every stage of production to guarantee excellence.

6

Delivery Coordination

From factory to your doorstep, we manage logistics to ensure on-time delivery.
